

## Target Endpoints

Courses (For current semester) or a given semester

- Find Courses on a campus (May be times)
- Query by
  - Core Codes
  - hasPrereq
  - openSections? (Might not want to encourage this)
  - Campus code
  - Sub Campus
  - Subject
  - Level (Grad or Undergraduate)
  - Meeting at a certain time
  - Credits

Legacy Courses (Same as Courses but...)

- Archive of all available data
- Query by date (splicing) from:to

Sections

- Exam Code
- Index
- Professor
- Times

Professors

- Subject
